CONGRESSMAN DE ARMOND BURNED TO DEATH

He and Grandson Perished in Flames When DeArmond Home was Burned.

Special to the Eagle.

Kansas City Nov. 23.—Representative David A. DeArmond, one of the oldest democratic members in congress, and his grandson, Waddle, aged six years, were burned to death in a fire that destroyed the DeArmond home at Butler, Mo., early yesterday.

Other members of the family escaped, and it is believed were hurt. Neither the body of Congressman DeArmond nor that of his young grandson have been recovered and it is believed they were incinerated.

Bones, believed to be those of the congressman, were found by searchers yesterday morning.

Other occupants of the house at the time of the fire, and who escaped, were Mrs. DeArmond, James DeArmond aged 35 years, son of the congressman and his daughter aged 35 years.

The fire started at 2 o'clock in the morning.

The home of Congressman DeArmond, was situated across the street from the home of James DeArmond, his son, James started to rush into the burning home of his father in an attempt to save the latter but he was restrained by younger members of the DeArmond family and the neighbors.

The cause of the fire is unknown. The house was two stories in height, and it burned fiercely.

SMETANA NOTES.

We have been anxiously waiting thinking someone would give our county paper a few notes from this community, but as no one has given this neck of the woods a write-up I will send in a short sketch myself.

The high price of cotton has caused everybody to watch their cotton fields very closely so they might catch every boll of top crop as it opened. However, it will be but a very short time until cotton picking will be a thing of the past.

Mr. and Mrs. Alfred Blume are the happy parents of a fine boy.

School is progressing nicely. We have an enrollment of 70 and there are still others to come.

Mr. Kosarek, who lately purchased the old Smith home, has had the old house remodeled, making several additions. He is now having it repainted. When completed it will be one of the neatest and most comfortable homes in this section.

Mr. Chas. Merka is having a neat little house erected on his farm in which Mr. Homola is to reside. Mr. Merka is also having quite a good strip of prairie land broken up to put in cultivation next year.

Yours for the improvement, development, and general upbuilding of our country. Alpha.

(A good letter Alpha, keep on coming.—Editor.)

COL. ASTOR SAFE AND AT SAN JUAN

Steamer Reaches New York with Important Tidings.

Special to the Eagle.

New York, Nov. 24.—The steamer yacht Nourmahal with Colonel Astor on board arrived at San Juan from Mayaguez Sunday, November 14, and was still there on the evening of Nov. 17.

All were well on board the Nourmahal planning to leave soon for Ponce and from there for some Cuban port before departure for the North.

These tidings of the Nourmahal's safety were brought here by the insular line steamer Harry Luckenbach, which arrived yesterday afternoon from Porto Rican ports.

BUKOSKI-BORUZKI.

In the presence of their many friends John Bukoski and Miss Victoria Boruzki were married yesterday morning at 10 a. m. at St. Joseph's church. Father J. B. Gleissner performed the ceremony which was followed by a Nuptial High Mass. The bride was dressed in white silk, wearing wreath and veil. She carried a prayer book in white binding and a mother of pearl Rosary in her hands. Devout prayers ascended to heaven for the young couple's happiness.

COOKS PROOF ABOUT READY

IT WILL BE SENT TO COPENHAGEN UNDER STRONG PERSONAL GUARD.

CHANCES NOT TAKEN

Experiences of North Pole Discoverer Have Led Him to Act With Every Precaution.

Special to the Eagle.

New York, Nov. 24.—The voluminous report by Dr. Frederick A. Cook for the University of Copenhagen, which will set forth in detail the explorer's claim to having reached the North Pole, will be shipped under a strong guard on the Scandinavian-American liner United States on Thanksgiving Day.

From the precautions taken, it is apparent that Dr. Cook fears that something may happen to his report.

Arrangements have been made to store it in the strong box in the captain's room on board the ship, where it will be guarded on the voyage by the explorer's secretary, Walter Lonsdale.

On arrival at Copenhagen it will be turned over only to authorized representatives of the university.

The report, which will contain about 50,000 words, is due to reach Copenhagen on Dec. 7, and Dr. Cook expects a verdict from the university about the first of the year.

A. AND M. FOOTBALL TEAM TO AUSTIN.

The football team of the A. and M. College, under leadership of Capt. Louie Hamilton, and accompanied by Coach Moran, Manager Eversburg and Prof. E. J. Kyle, president of the Athletic Council, went to Austin today over the I. & G. N. for the closing game with Varsity tomorrow. A large crowd of their Bryan friends were at the station to see them and say a word of encouragement, if indeed any encouragement were necessary. The boys are still flushed with their great victory at Houston and are full of enthusiasm and go to Austin confident of another victory.

Asked as to the condition of his players, Capt. Hamilton stated, "every man is in perfect form and we are going to win."

They were indeed a stout, sturdy bunch of fellows, and nothing but a serious accident of some kind will keep them from pulling off another great victory.

I have a nice lot of green tomatoes to sell. Forty cents per bucket. Phone 241. F. W. Yeager. 305

EARLY BREAKFAST.

On account of the train for Austin leaving at 7 o'clock, breakfast will be served in the morning at 6:15 at the Exchange hotel, for the benefit of the patrons going to Austin. J. T. Maloney. 303

ATTENTION ELKS.

There will be a regular meeting of the lodge tonight promptly at 8 o'clock for the purpose of initiation and transaction of other very important business. Wilson Bradley, E. R.
